Powerful USB Hardware

INTERNATIONAL

High-performance and cost-effective USB hardware solution

m+p international VibPilot – Integrated 4 to 32-channel vibration measurement hardware

- 4/8 analog inputs, 24 bits, 10 V, up to 102.4 kHz sampling rate (simultaneous)
- 2 output channels, 24 bits, 10 V, up to 102.4 kHz sampling rate
- Integrated TEDS support
- 8 digital inputs and 8 digital outputs
- Compact, dust-free, rugged housing
- Multiple VibPilot synchronisation
